SOLUTIONS FOR POST FRAME BUILDINGS

Bay Insulation Systems is your nationwide, trusted source for high quality, customized insulation and door products, services, and technical support for the post frame building industry.

BAY HAS THE SOLUTION

Bay Insulation Systems is the largest laminator and supplier of insulation, insulation systems, and accessories to the post frame building market.

- UL certified laminated fiberglass insulation
- Unfaced fiberglass insulation up to 8' in width
- Rigid board insulation
- BayFoil® Reflective insulation
- Custom high R-value systems to meet codes & standards
- Enhanced interior appearance
- Condensation control

ONE SALES FORCE – FULL LINE OF PRODUCTS AND SYSTEMS

BAY INSULATION SYSTEMS - Laminated post frame insulation; high R-value insulation systems; reflective condensation barriers; rigid board insulation; unfaced insulation. All custom fabricated for fast jobsite installation.

EXPI-DOOR® SYSTEMS INC. - High quality, easy to install, preassembled and knockdown commercial doors, including fire-rated and high-security applications.

COAST-TO-COAST COVERAGE

Through our many locations strategically placed across the United States, we can deliver quickly and efficiently to any jobsite.

UNSURPASSED KNOWLEDGE AND EXPERIENCE

The most knowledgeable and experienced support team in the industry. Bay District Managers, Account Managers, Customer Service Representatives, and local Plant Managers are your link to an entire offering of post frame building insulation products, commercial door products, technical information, and advice on meeting codes and standards. Contact your nearest District Manager, local Bay plant (contact info on back), or visit Bay's website: www.bayinsulation.com.

1. UNFACED FIBERGLASS

- ★ Widths up to 96"
- High tensile strength for hanging in wall application
- R-value from 10 to 30

2. BAYFOIL® REFLECTIVE INSULATION

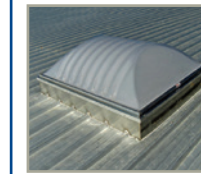

- Condensation control for unconditioned buildings
- Keeps building cooler in summer
- Bright white finish

3. LAMINATED FIBERGLASS

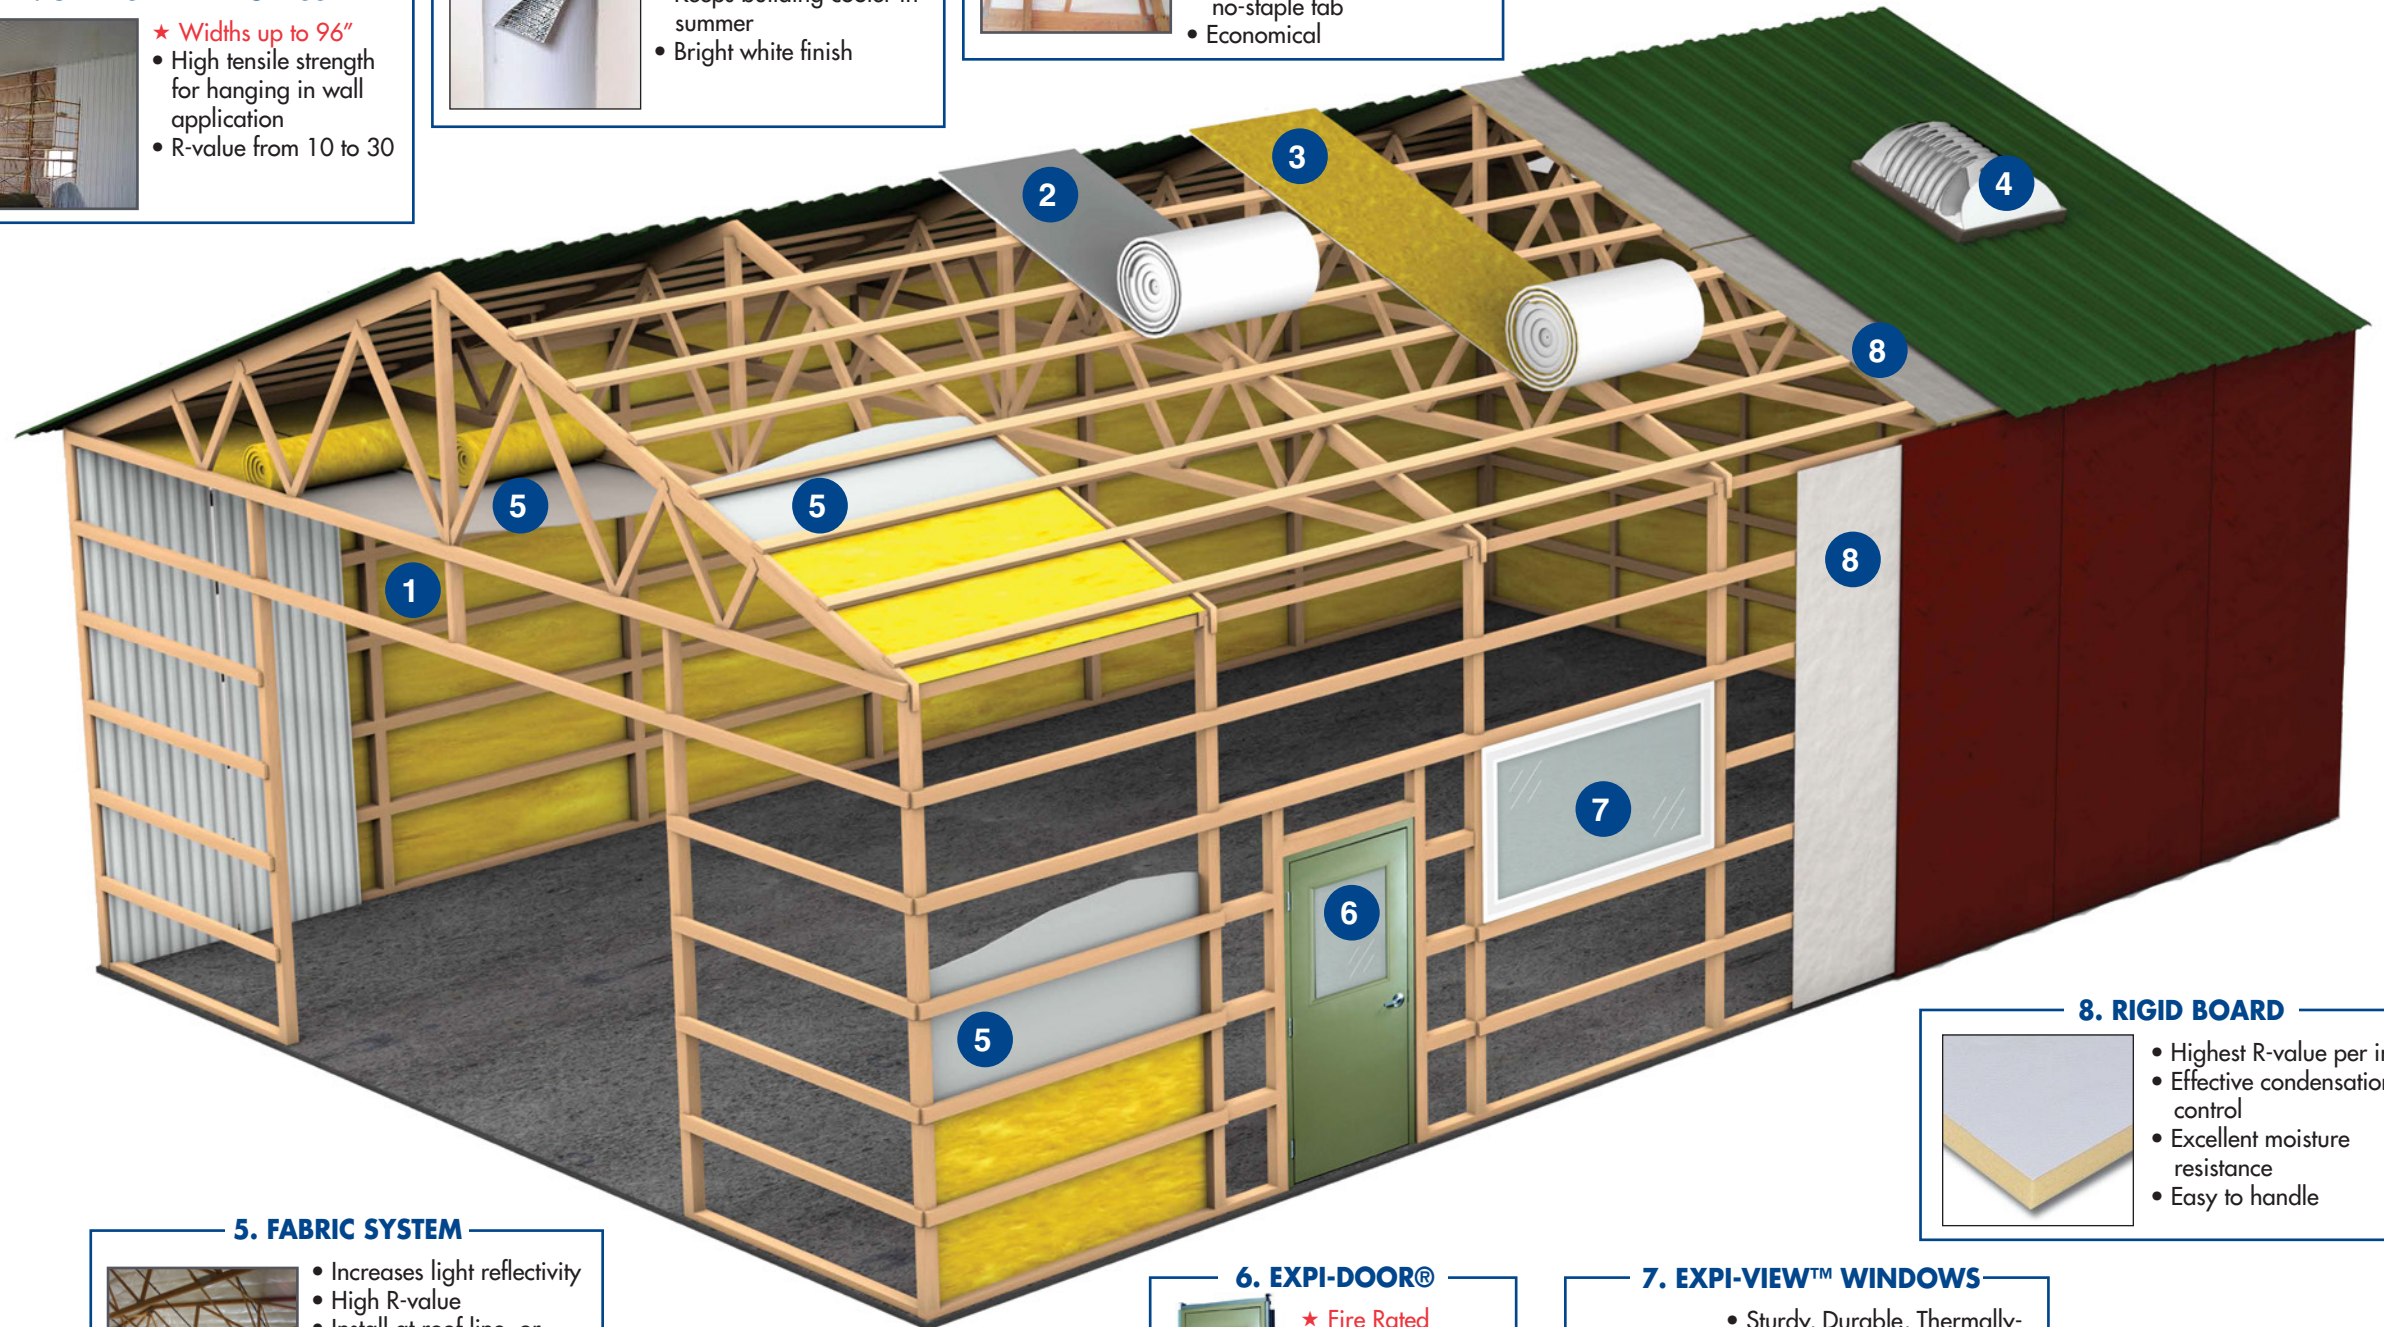

- ★ UL Certified
- ★ FM Approved upon request
- Many facing options
- Custom lengths save labor and wasted material
- Easy installation
- (2) 3" staple tabs, or single no-staple tab
- Economical

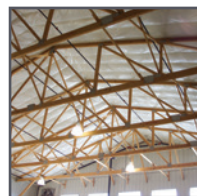

4. BAYLIGHT® PRISMATIC SKYLIGHT

- Highest lighting performance of any domed skylight in the market
- Double and triple glazed reduces condensation on interior frame
- Maximizes lighting performance at low sun angles
- Seven times the impact strength of general purpose acrylic domes
- Reduces energy consumption which promotes a cleaner environment

5. FABRIC SYSTEM

- Increases light reflectivity
- High R-value
- Install at roof line, or under trusses
- Roof application (top and bottom side)
- Wall application
- New construction or retrofit

6. EXPI-DOOR®

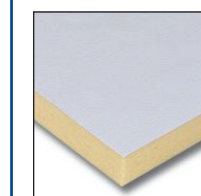

- ★ Fire Rated
- ★ Wind Rated
- Highest quality commercial door
- Preassembled or knockdown doors
- High security

7. EXPI-VIEW™ WINDOWS

- Sturdy, Durable, Thermally-Broken Aluminum Frame
- NFRC Certified Product
- Fixed or Horizontal-Slider Offerings
- Standard and Custom Glazing Options

8. RIGID BOARD

- Highest R-value per inch
- Effective condensation control
- Excellent moisture resistance
- Easy to handle

Bay Insulation Systems, with locations across North America, has the **Experience**, superior **Quality** products, and top-rated **Service** to meet our customers' needs.
